5. **Band Bio:**

Toque Flamenco is Vancouver’s most popular Flamenco band specializing in creating festive and breathtaking Flamenco shows that include music and dance. Toque Flamenco performs flamenco with passion and rhythmic precision, including spirited, fiery Gipsy Kings Rumbas, which always get the crowd dancing, as well as soulful, stirring dance pieces.

Toque Flamenco is born early in 2014 when Mario Sota and Marilú Vallejo (who are a couple) share the vision of creating a truly unique Flamenco experience in order to promulgate the Flamenco culture in Western Canada. Joined by Karito (dancer and Marilú’s sister) and by Alana Lopez (violin) and David Lopez (guitar, vocals and cajon), this project has led ever since to the perfect blending of each other’s talents, tons of inspiration, dedication and creativity, which altogether creates astounding shows every single time.

Toque Flamenco performs pure/traditional Flamenco as well as accessible or unrestricted "popular" flamenco. They enjoy pushing boundaries and doing songs that are outside the normal Flamenco repertoire such as Rock, Argentinean Tangos and Latin Jazz. In a manner similar to Jazz, this band plays with improvisation and complex rhythmic patterns to create exciting and entertaining pieces that are distinctive every time.
